## My Manifesto

I have grown up, lived & worked in Tyburn Ward all of my life. For many years I have worked hard in the community to do all I can to improve the everyday lives of local people and as the City Councillor for Tyburn Ward I intend to work full time to improve every facet of community life within the ward.

**Crime:** Crime & anti social behaviour are on the increase in Tyburn Ward and one of the main problems is the lack of a full time Police Station within the ward. With the nearest main Police Stations being in Sutton Coldfield & Aston both the criminals and the victims of crime and anti social behaviour know there will be a long wait before Police can attend any incident. I will work to increase Police presence within Tyburn Ward and in doing so help to reduce crime within the ward.

---

**Transport:** As City Councillor for Tyburn Ward I will campaign for better transport links throughout the ward. There continues to be confusion over the "Bus Lane/No Bus Lane" scenario on Tyburn Road and I will push to have the signs improved to enable a better flow of traffic to and from the city.

I will campaign for better bus services to and from Good Hope Hospital that coincide correctly with both daytime & evening visiting times.

I will push relentlessly to improve the awful congestion along the Chester Road caused by ill thought out traffic junctions.

---

**Environment:** As City Councillor for Tyburn Ward I will work to improve the living environment throughout the Ward. I have established & launched the green initiative “Gardening Exchange” [www.gardeningexchange.org](http://www.gardeningexchange.org) to encourage the sharing of plants, seeds & cuttings within the community and thereby help to create a greener community environment. I will also continue to work alongside community environmental groups to do all we can to improve the environmental quality of life in the ward.

I will campaign to stop the HGV wagons now using Farnborough Road in Castle Vale as a “rabbit run” and in doing so putting children’s lives at damaging the roads & polluting the local environment.

I will put pressure on the Police to end the constant use of grass verges & central reservations throughout the ward as “Car Sales Lots”. This practise is an eyesore for local residents, obstructs the vision of pedestrians & passing drivers and is a danger to all concerned.

---

**Equality of living standards:** Pype Hayes & Castle Vale have seen vast improvements in living standards over recent years due to the hard work of local residents and as City Councillor for Tyburn Ward I will campaign hard to see that the lessons learned in Castle Vale & Pype Hayes are applied in Birches Green & Erdington Hall so that all residents of Tyburn Ward can enjoy good quality housing and a green & pleasant environment to live in.

Much has been done over recent years to improve living standards in Tyburn Ward but the job is not finished and more needs to be done to bring the whole ward up to an equally high standard and to give all residents reason to be proud to live in Tyburn Ward.

---

**Independence:** It is my firm belief that Councillors are elected to represent their ward community to the best of their abilities. Decisions should be made for the benefit of the community and not to the benefit of party political ambitions.

**As an independent City Councillor for Tyburn Ward** I will be free of any political bias and will work solely on the issues raised by, and to the benefit of, the residents of Tyburn Ward. I have launched “Tyburn Ward Forum” [www.tyburnward.com](http://www.tyburnward.com) as an open online platform that enables residents within Tyburn Ward to really “**Have Their Say 24/7**”, so I can learn of and respond to the concerns of residents not just at “Election Time”, not just on “Surgery Days”, but **365 days of the year**.

**As an independent City Councillor for Tyburn Ward** I will work to answer the issues raised by the residents of Tyburn Ward and not by the whims of political parties.

- 
- Tyburn Ward deserves a Councillor whose sole aim is to work for the good of the community.
  - Tyburn Ward deserves an “**independent voice**” in the Council Chamber who is speaking solely for the benefit of Tyburn Ward as a community.
  - Tyburn Ward deserves a Councillor who has grown up within the ward, has always worked in the ward and who fully understands the everyday problems of life within Tyburn Ward.
  - Tyburn Ward deserves a Councillor who does more than sit in at meetings.....
  - Tyburn Ward deserves a Councillor who is prepared to take the initiative and.....

**“GET THINGS DONE!**

As City Councillor for Tyburn Ward I will be the real voice of the community
