

Real Progress

In Walsall, The **Green Party** aims to:

Improve **local transport**, push for progress on the expansion of the Metro, fight to retain the Walsall to Wolverhampton rail link and work with Centro to open stations on the existing lines in the West Midlands.

Provide **affordable housing** in the right places.

Work to ensure the protection of **local services** and resist efforts to privatise them.

Provide **free school meals** that are balanced and nutritious.

Secure adoption of the Merton Rule, ensuring all new builds incorporate on-site **green energy** generation and provide renewable energy for **council controlled buildings**.

Provide **free insulation** for **every home**.

Protect **local shops and markets** and small businesses.

ONE WORLD. ONE CHANCE.

**LOCAL ELECTIONS
MAY 1ST** 

EVERY COUNCIL NEEDS A GREEN VOICE -
HELP TO GIVE WALSALL ITS FIRST
BY VOTING **GREEN PARTY** ON **1ST MAY**

Karl Macnaughton is 32
and lives in **Goscote**.

He graduated from the University of Wolverhampton with a degree in Environmental Science in 1998 and now Works as an IT technician.

He is currently studying for an MA in Environment, Policy and Society with The Open University.

Karl commutes by bicycle, travelling through Rushall village on his way to work and is an avid supporter of Rushall Olympic Football Club.

More people are supporting the **Green Party** as they realise that we are the only party that genuinely cares about Climate Change, affordable housing and public service provision.

The **Green Party** has social justice and the protection of people, planet and local services at its heart. As it becomes ever more difficult to tell the other parties apart, why not take the opportunity to vote for a radically different alternative?
